PERSONALIZED INSTRUCTION

Riverside provides a tailored curriculum and utilizes the Orton-Gillingham Approach to support the needs of students in grades K-8 with dyslexia and similar language-based learning differences.

OUR MISSION:

Riverside School transforms the lives of students with dyslexia and similar language-based learning differences while supporting a community of highly trained teachers and staff who specialize in educating these students to their highest potential.

THE ORTON-GILLINGHAM APPROACH

While the symptoms of dyslexia are common, each child has differences in their language needs. It serves as the foundation for our program and is fully integrated into classroom core subject instruction.
